---

## Summary

---

Recent graduate with a degree in web design and a passion for creating beautiful and functional websites. Proficient in HTML, CSS, JavaScript, and other design tools. Skilled in user-centered design principles and creating responsive designs that improve the user experience. Familiar with design software such as Adobe Creative Suite and Sketch. Excited to bring creativity and enthusiasm to web design projects and learn from experienced professionals. A quick learner and a strong team player who is eager to collaborate with others to deliver high-quality work.

## Experience

---

Familiar with bootStrap5

- Proficient in front-end web development using Bootstrap, a popular HTML, CSS, and JavaScript framework that simplifies the development of responsive and mobile-first websites.
- Designed and developed several websites using Bootstrap, including e-commerce sites, blogs, and portfolio sites.
- Leveraged Bootstrap's pre-built UI components and templates to create visually appealing and user-friendly designs that work well on desktop and mobile devices.

Personal Project in Web Design

- Designed and developed a fully responsive e-commerce website using HTML, CSS, and JavaScript.
- Utilized user-centered design principles to ensure a positive user experience and accessibility for all users.

## Skills

---

Bootstrap, HTML5, CSS, JavaScript, GitHub, Python, Django, Git
